## Pre-requisites

Trainees should satisfy the following criteria:

1. Trainees should have written and oral command of the language of instruction
2. Trainees should ideally be engaged in handling, accepting or documenting cargo capacity within organizations mentioned in the target population.

## Learning Objectives

Upon completion of the course, trainees will be able to:

- a) Appreciate the origin and purpose of security measures and procedures necessary for the protection of cargo, courier/express parcels, mail and operators supplies;
- b) Understand the nature of the threat posed to aircraft by explosives and other dangerous substances;
- c) Apply appropriate security controls to cargo consignments;
- d) Inspect screen or search consignments in accordance with prescribed security principles;
- e) Ensure that all cargo facilities, vehicles, containers and equipment are subject to security control;
- f) Apply proper responses action to an airline security emergency related to suspect cargo.

## Duration

5 Days – Each training day will commence at 09.00 and finish at 17.00, with appropriate refreshment breaks.
