

SMS for Accountable Managers Nominated Post Holders and Key Executives – 1 Day

INTRODUCTION

With SMS we have a set of regulations, which allow Industry to establish best-practice that fits different cultures and place the main emphasis and duty on improving safety performance. This requires a real “team effort” as regulator and airline are all part of one large system. Working as a team it will be possible to improve an already highly impressive safety record, and allow organisations to conduct more of their own oversight and assurance.

This 1 day training course develops the understanding of the organisations responsibility and how the key managers and executives can play a role in assisting to support and deliver a strong SMS system. In addition we should understand the opportunities presented by SMS as a “Management System” which can be used to improve and develop the business as well as optimize for risk exposure.
