Airport Accountable Executive EASA Regulatory Obligation & SMS Overview and Best Practice Workshop - I Day

INTRODUCTION

The new European Commission Regulation EASA Commission Regulation (EU) No 139/2014, applicable to aerodromes was published and adopted on 12/02/2014. The regulation has a direct impact on Aerodrome Operators and Operations as well as Regulatory Authorities.

EASA is creating a performance based regulatory environment with common standards across all regulations which are enabled by EASA Basic Regulation 216/2008. Specific Focus on Management and Safety Systems is evident. The Aerodrome managers delivering specific oversight. EASA on behalf of all member states is obligated to show compliance with ICAO Standards, Recommendations and Guidance.

Requirements are introduced which have a direct bearing on Management Systems including Quality and Safety and Compliance elements.

An intensive 1 day training for busy Industry leaders; the focus on the training is a comprehensive understanding of Roles and Responsibilities of Accountable Executives and Senior Nominated Persons.

The course is aimed at persons who have the specific obligations regarding the accountability for the organization to meet its obligations in respect of Safety, Quality, Regulatory Compliance and Financial well being.

This in depth course provides a detailed practical training in management obligations and methodologies to ensure a fully compliant, effective and efficient organization. The course is highly participative, and promotes industry best practices as a standard, it is delivered in a confidential environment by an industry professional with over 40 years Commercial Aviation experience.

Aviation Authorities may choose to interview Form 4 candidates. All relevant areas are covered during the course. A full review of EASA regulations will be provided during the introduction.

What is the Benefit of this Training - What will I learn?

- a) Achieve a deep understanding regarding the obligations and expectations of an Accountable Manager (AM) within an Airport Environment
- b) Achieve an understanding of the Responsibilities of the Nominated Post Holder and Business Area Managers
- c) Develop a focus on Management System requirements with Safety & Compliance Management techniques required by 139/2014
- d) Understand the relationship between the Quality Management System (QMS) and Safety Management System (SMS)
- e) Develop an understanding in preparation for Competent Authority (CA) interviews
- f) An opportunity to exchange experiences with colleagues and associates in a confidential environment.

Why Should I choose SAS for the training?

Sofema Aviation Services training is proven over the years to be highly practical and focuses on ensuring that regulatory compliance is a given rather than an objective.

Sofema Aviation Services a Regulatory training and consulting company with 45 years commercial aviation experience and 10 years operational experience. Since we started we have provided certificates to approx.15,000 delegates we have grown for 2 primary reasons!

The first is that we are professional and we listen to our customers. Please visit our [download area](#) as an example of how we engage with our customer.

The second is not only the fact that our prices are far more cost effective than our competitors it is that our discount program leaves all the others way behind – please do not take our word for it check it out! [SAS Discount Program](#)

Our Instructors all have significant “real” experience in the field and deliver training which is motivational and provides the seed to encourage the delegate to achieve positive results in the work place.
