INTRODUCTION

This 3 Day course is focused on best practice techniques which can support the Competent Authority to perform a Regulatory Audit & Assessment of

- a) EASA Compliant Management Systems
- b) EASA Compliant Safety Management Systems
- c) EASA Compliance Management Systems
- d) Emergency Response Planning Oversight Audit
- e) Business Process Recovery & Crises Management Oversight Assessment
- f) Assessment of the Effectiveness of Training Programs and Management Systems

EASA Provides a regulatory environment with Implementing Procedures, Acceptable Means of Compliance, Guidance Material, Certification Specification and User Guides.

All audits typically aim to ensure visible compliance is determined with the various objectives called for through the myriad of obligations. To demonstrate compliance with all requirements, organisations create a raft of documents, process and procedures.

A degree of objectivity is typically required during assessments of organisational document process and procedures to enable demonstration of compliance with both external regulations and internal organisational compliance.

This course does not address in detail the underlying regulations but considers the due process to deliver effect audit oversight for each of the key areas and process

TRAINING COURSE DETAILS

What are the benefits of Leadership Training - What will I learn?

Achieve a comprehensive understanding related to the process of regulatory audit

Provide a standard approach which delivers consistency across a range key of business areas.

Be able to add system value by providing the approval holder with a clear understanding of non-conformities.

Learn the does and don'ts of Aviation Audit Best Practices – what works best – Why & How?

What are the benefits of the Training - What will I learn?

Sofema Aviation Services a Regulatory training and consulting company with 45 years commercial aviation experience and 10 years operational experience. Since we started we have provided certificates to approx 15,000 delegates we have grown for 2 primary reasons!

The first is that we are professional and we listen to our customers. Please visit our [download area](#) as an example of how we engage with our customer.

The second is not only the fact that our prices are far more cost effective than our competitors it is that our discount program leaves all the others way behind – please do not take our word for it check it out! [SAS Discount Program](#)

What Makes Regulatory Assessment of EASA Management Systems - SMS, CMS, ERP & Crises Management Different?

Because our courses are written by people who have lived through the regulations, from the introduction in the early 90's as JAR through to the transfer to EASA in 2003. The author of the training material has more than 25 years' experience as an EASA auditor across the entire regulatory spectrum including Initial and Continuing Airworthiness. Operations and Airports.

At Sofema Aviation Services our focus is on accepting that compliance with EASA Regulations is in fact minimum compliance. Interpreting the regulations in a way which enables the development and optimisation of our business is where we should see opportunity to drive efficiencies and cost saving.
