

EASA – Air Legislation for Executives - 2 Days

Introduction

This training will provide a detailed overview of the EASA regulatory process. It is specially designed to introduce delegates to the working of the various elements of the regulations.

Who is the course for?

The Training focuses on the various roles and responsibilities of Operators, Maintainers Design and Production organisations.

What is the Benefit of this Training - What will I learn?

To provide delegates with:

- a) A detailed understanding of the EASA Regulatory environment.
- b) To familiarize current AOC holders and other Operational and Concerned Personnel with a detailed understanding of EASA Part OPS Structure and Environment with emphasis on Compliance Monitoring and AMC & GM procedures.
- c) Understand the integration of Part OPS and the practical interpretation within the work place.
- d) Develop the delegates understanding of Airworthiness Principles, and how they relate to the Operations Environment.
- e) To support an understanding of the organisations legal obligation for regulatory compliance.
- f) To raise an understanding of the operator monitoring processes in particular within the Quality Safety and Training departments to ensure effective compliance with OPS Regulation 965 and associated requirements.

Why should I choose SAS for this training?

Sofema Aviation Services a Regulatory training and consulting company with 45 years commercial aviation experience and 10 years operational experience. Since we started we have provided certificates to approx. 15,000 delegates we have grown for 2 primary reasons!

The first is that we are professional and we listen to our customers. Please visit our [download area](#) as an example of how we engage with our customer. The second is not only the fact that our prices are far more cost effective than our competitors it is that our [discount program](#) leaves all the others way behind – please do not take our word for it check it out!

What Makes SAS EASA - Air Legislation for Executives - 2 Days Different?

Because our courses are written by people who have lived through the regulations. The author of the training material has more than 25 years' experience as an auditor across the entire regulatory spectrum.

At Sofema Aviation Services our focus is on accepting that compliance with Regulations is in fact minimum compliance. Interpreting the regulations in a way which enables the development and optimisation of our business is where we should see opportunity to drive efficiencies and cost saving.
