## EASA Basic Regulation 1139/2018 Executive Introduction and Review-1 Day

### Introduction

On 11th September 2018 entered in force the new EASA Basic Regulation No 1139/2018 which repeals existing Regulation (EU) 216/2008.

The so-called new Basic Regulation formalises EASA's role in the domain of drones and urban air mobility, enabling the Agency to prepare rules for all sizes of civil drones and harmonize standards for the commercial market across Europe.

The regulation enlarges the Agency's role in areas such as in environmental protection, research and development, or international cooperation.

The new mandate also gives EASA a coordinating role in cybersecurity in aviation.

This new mandate consolidates EASA's scope to cover the full spectrum of the aviation landscape and reinforces the European aviation system as a whole, with the possibility for EASA and the European Member States to work closely together in a flexible way.

This training is specifically focused on the key oversight responsibilities of EASA Competent Authorities.

### Who is the Course for?

Aviation Industry Nominated Persons -Civil aviation and Aero-medical and Airport authorities staff, Ground Operations Personnel International organizations operations personnel. Compliance and Safety management. Airline Nominated Persons, Other related Key personnel & Stakeholders.

## Why Should I choose SAS for the training?

Sofema Aviation Services is a Regulatory Training and Consulting company with 45 years of commercial aviation experience and 10 years operational experience. Since the start we have provided certificates to approx 20,000 delegates and we have grown for 2 primary reasons!

The first is that we are professional and we listen to our customers.

The second reason is a combination of outstanding course fees, together with a world beating discount program which leaves our competitors way behind – please do not take our word for it, [check it out!](#)

## What Makes SAS EASA Basic Regulation 1139/2018 Executive Introduction and Review - 1 Day different?

Because our courses are written by people who have lived through the regulations. The author of the training material has more than 25 years' experience as an auditor across the entire regulatory spectrum.

At Sofema Aviation Services our focus is on accepting that compliance with Regulations is in fact minimum compliance. Interpreting the regulations in a way which enables the development and optimisation of our business is where we should see opportunity to drive efficiencies and cost saving.
