Safety Assessment of Foreign Aircraft (SAFA) Awareness for Operators – 1 Day

Introduction

SAFA inspections of aircraft during transit and layovers in European Airports can often cause disruption to services. Sofema Aviation Services with more than 40 years experience to call on has developed a training which directly benefits the operators.

SAFA Training for Operators is a training to directly assist the Operator to understand the complete SAFA process – SAFA Safety Assessment of Foreign aircraft – SAFA Training for Operators focuses clearly on the need for airlines to fully understand the SAFA process and to mitigate the possibility of findings by introducing its own internal SAFA audit program.

In addition the SAFA Training for Operators course provided by Sofema Aviation Services is designed to ensure front line and operations staff have a full understanding of how to improve the organisational management of the SAFA Process.

How to improve your process so that your organisation can better manage the SAFA audits you receive from European regulators.

SAFA Training for Operators will equip the attendee with the skills and techniques required to manage the organisations SAFA process, In addition to provide the attendees with an understanding of the need to develop appropriate internal SAFA procedures to include In company SAFA Auditing and processes to analyze and follow up SAFA findings.

SAFA Training for Operators last 1 full day for further details please visit www.sassofia.com or contact office@sassofia.com

What is the Benefit of this Training -What will I learn?

- a) Achieve a comprehensive knowledge of the regulations and directives of SAFA inspections
- b) Understand the workings arrangements between EASA and European Competent Authorities
- c) Achieve an awareness of background and the legal aspects of the SAFA process
- d) Prepare for a zero finding SAFA Inspection

Why Should I choose SAS for the training?

Sofema Aviation Services is a Regulatory Training and Consulting company with 45 years of commercial aviation experience and 10 years operational experience. Since the start we have provided certificates to approx 20,000 delegates and we have grown for 2 primary reasons!

The first is that we are professional and we listen to our customers.

The second reason is a combination of outstanding course fees, together with a world beating discount program which leaves our competitors way behind – please do not take our word for it, [check it out!](#)

Why Makes SAS Safety Assessment of Foreign Aircraft (SAFA) Awareness for Operators - 1 Day Training Different?

Because our courses are written by people who have lived through the regulations. The author of the training material has more than 25 years' experience as an auditor across the entire regulatory spectrum.

At Sofema Aviation Services our focus is on accepting that compliance with Regulations is in fact minimum compliance. Interpreting the regulations in a way which enables the development and optimisation of our business is where we should see opportunity to drive efficiencies and cost saving.
