

EASA Regulatory Update 2018 - 2020 for AM & Nominated Persons - 1 Day

Introduction

This training serves as a recurrent training to bring key personnel up to date with the changes and Forthcoming Changes in Implementing Rules (IR) Acceptable Means of Compliance (AMC) and Guidance Material (GM) Additionally where relevant the course will look at Notice of Proposed Amendments (NPA)

The course is aimed at persons who have the specific obligations regarding the accountability for the organization to meet its obligations in respect of Safety, Quality, Regulatory Compliance and Financial well being as well as the Accountable Manager.

Delegates will be introduced to an overview of the changes in the Basic Regulation and Part 21.

Focus will be placed on changes related to EASA Reg 1321/2014 related to Part M, Part 145 and Part 66.

This update includes an Introduction of SMS within an EASA Part 145 environment and will be of particular interest to CAMO & Part 145 Personnel, Business Area Managers and Quality Assurance Personnel

The course is highly participative, and promotes industry best practices as standard, it is developed by an industry professional with over 45 years Commercial Aviation experience

Who is the course for?

It is for Accountable Executives and Senior Managers together with persons who are involved in managing at a Senior Level to oversee and maintain EASA Compliant approvals.

In particular, Nominated Persons, Technical Managers, Quality Assurance Personnel, Line Managers and anyone with a fundamental need to ensure ongoing compliance within the EASA regulatory Environment.

What is the Benefit of this Training - What will I learn?

- a) Achieve a deep understanding regarding the changes which have taken place within the EASA Regulatory Environment over a 2 year period.
- b) Confirm your understanding of the regulatory driven roles and responsibilities of the Nominated Post Holder, Business Area Managers and other Key Personnel.
- c) Understand the relationship between the Quality Management System (QMS) and Forthcoming Safety Management System (SMS).
- e) Develop an understanding in preparation for Competent Authority (CA) Audits.
- f) An opportunity to exchange experiences with colleagues and associates in a confidential environment.

Why Should I choose SAS for the training?

Sofema Aviation Services a Regulatory training and consulting company with 45 years commercial aviation experience and 10 years operational experience. Since we started we have provided certificates to approx 25,000 delegates we have grown for 2 primary reasons!

The first is that we are professional and we listen to our customers. Please visit our download area as an example of how we engage with our customer.

The second is not only the fact that our prices are far more cost effective than our competitors it is that our discount program leaves all the others way behind – please do not take our word for it [check it out!](#)

What Makes SAS EASA Regulatory Update 2018 – 2020 1 Day Different?

Because our courses are written by people who have lived through the regulations. The author of the training material has more than 25 years' experience as an auditor across the entire regulatory spectrum.

At Sofema Aviation Services our focus is on accepting that compliance with Regulations is in fact minimum compliance. Interpreting the regulations in a way which enables the development and optimisation of our business is where we should see opportunity to drive efficiencies and cost saving.
