

Part M Effective Mar 2020 - For Large Aircraft - 1 Day

Introduction

Part M focuses on the specific obligations of the Continuous Airworthiness Management Organisation (CAMO) to manage the Airworthiness Process.

The primary purpose of this training is to provide an in-depth review of the changes affecting Part M for Large Aircraft introduced by Commission Implementing Regulations (EU) 2020/270, (EU) 2019/1384

SAS Training is extremely practical and focuses on the understanding of the knowledge and skills required to understand fully the Continuing Airworthiness Management Process

This course is focused and stimulating, very practical and participation is encouraged. It is ideally suited for all persons with pre-existing Part M Knowledge including Continuing Airworthiness Management Organisations as well as Leasing Company Personnel, Accountable Managers, Post Holders Maintenance Management Staff and Quality Personnel.

Please Note - This Training has been redacted to focus on the specific differences between Part M and Part M (2020)

This redacted training is not appropriate for persons who have limited or no prior Part M experience

It is recommended that persons with limited experience should complete the 2 day version of Part M 2020

Who is the course for?

This interactive and practical course is specifically designed for:

Post holders CAMO & Maintenance, Quality Managers and Auditors, Technical & Planning CAMO staff and other interested stakeholders who have a need for Continuing Airworthiness Management knowledge. It will also be of benefit to legal representatives who need to have an effective understanding as well as to serve as a refresher to any Operators and Maintenance Organisations.

What is the Benefit of this Training - What will I learn?

- a) Achieve a solid understanding of EASA Part M - 2020 Requirements related to the Continued Airworthiness Management Organisation (CAMO)
- b) Be able to demonstrate Part M Functionality and to avoid or mitigate problems
- c) Be able to use the regulation to proactively manage the Continuing Airworthiness (CA) of your aircraft.
- e) Provides an Opportunity to consider the changes in relation to the roles and responsibilities within the various CAMO groups including Reliability, Technical Records, Engineering, & Maintenance Planning

Why Should I choose SAS for the training?

Sofema Aviation Services a Regulatory training and consulting company with 45 years commercial aviation experience and 10 years operational experience.

Since we started we have provided certificates to approx 25,000 delegates & we have grown for 2 primary reasons!

- The first is that we are professional and we listen to our customers. Please visit our download area as an example of how we engage with our customer <https://sassofia.com/download-area/>
- The second is not only the fact that our prices are far more cost effective than our competitors it is that our discount program leaves all the others way behind – please do not take our word for it check it out! [SAS Discount Program](#)

What Makes SAS Part M Effective Mar 2020 - 1 Day For Large Aircraft Training Different?

Because our courses are written by people who have lived through the regulations, from the introduction in the early 00's. EASA Part M is an essential regulation related to the management of the aircraft.

At Sofema Aviation Services our focus is on accepting that compliance with EASA Regulations is in fact minimum compliance. Interpreting the regulations in a way which enables the development and optimization of our business is where we should see opportunity to drive efficiency and cost saving.
