

EASA Ground Ops Post Holder Training – 1 Day

Introduction

The role of Ground Operations Post Holder is a serious and demanding role and needs to satisfy the Regulator via the EASA Form 4 process that the applicant has both appropriate background experience and competencies to support the role.

This course considers in detail the Role and Responsibilities of The Ground Operations Post holder to ensure compliance with EASA regulations.

Typical responsibilities of the Ground Operations Post Holder will of course include ensuring the company’s compliance with EASA regulations and to ensure that the company is following the required procedures .

The Ground Operations Post holder is also responsible for the management of Staff Competence and the effectiveness of the Safety Management System in the Ground Operations environment. In addition he (or she) is responsible for the ongoing development of Operations Procedures, and typically plays a major role in the event of the activation of Emergency Procedures. Additional responsibilities will extend to oversight of the general Safety and Security delivery of Standards.

Who is the course for?

This course considers in detail the Role and Responsibilities of The Ground Operations Post holder to ensure compliance with EASA regulations. It will be beneficial for anyone interested in becoming a Ground ops post holder or anyone working in this environment.

What is the Benefit of this Training – What will I learn?

The course will develop the delegates understanding of Airworthiness Principles, and how they relate to the Part OPS environment.

To support an understanding of the organisations legal obligation for regulatory compliance.

To raise an understanding of the operator monitoring processes in particular within the Quality Safety and Training departments to ensure effective compliance with Part OPS and associated requirements.

Why Should I Choose SAS for the training?

Sofema Aviation Services a Regulatory training and consulting company with 45 years of commercial aviation experience and 12 years of operational experience. Since we started we have provided certificates to approx 25,000 delegates we have grown for 2 primary reasons!

The first is that we are professional and we listen to our customers. Please visit our download area as an example of how we engage with our customer.

The second is not only the fact that our prices are far more cost-effective than our competitors it is that our discount program leaves all the others way behind – please do not take our word for it [check it out!](#)

What Makes SAS EASA Ground Ops Post Holder Training – 1 Day Different?

Because our courses are written by people who have lived through the regulations. The author of the training material has more than 25 years' experience as an auditor across the entire regulatory spectrum.

At Sofema Aviation Services our focus is on accepting that compliance with Regulations is in fact minimum compliance. Interpreting the regulations in a way which enables the development and optimisation of our business is where we should see opportunity to drive efficiencies and cost saving.
