

EASA OPS Regulation 965 2012 For CAMO Staff – 1 Day

Introduction

This one day training is focused on the needs of the Part M Subpart G organization in respect of the understanding of the new EASA Regulatory Environment and organizational changes driven by OPS Regulation 965 /2012.

The training is aimed at delivering a fundamental understanding of all elements of Regulation 965/2012 and assumes a "basic" understanding of the role of EASA and the European Regulatory Environment.

This training is focused on the needs of the CAMO's which are part of a Commercial Air Transport (CAT) Air Operators Certificate (AOC). It does not address the needs of Commercial other than CAT (COM) Helicopters or Private aircraft.

The training is suitable for all CAMO staff including Planning, Engineering, Tech Records and Reliability, as well as Quality Audit Staff and will be of general benefit to Engineering Managers and Supervisors.

Who is this course for?

This course is suitable for any CAMO staff including Planning, Engineering, Tech Records and Reliability, as well as Quality Audit Staff and will be of general benefit to Engineering Managers and Supervisors.

Why Should I choose SAS for the training?

Sofema Aviation Services is a Regulatory Training and Consulting company with 45 years of commercial aviation experience and 10 years operational experience. Since the start we have provided certificates to approx 20,000 delegates and we have grown for 2 primary reasons!

The first is that we are professional and we listen to our customers.

The second reason is a combination of outstanding course fees, together with a world beating discount program which leaves our competitors way behind – please do not take our word for it, [check it out!](#)
