

EASA Part-CAO (Combined Airworthiness Organization) – 2 Days

Introduction

A Combined Airworthiness Organisation (Part CAO) provides a new simplified organisation approval for General Aviation (GA) which provides an alleviation against many of the requirements (For example – No Safety Management System (SMS))

The Part-CAO was not created only to replace the Subpart F Maintenance Organisation, but rather to offer a completely new type of organisation, which is specifically adapted to the needs of GA.

In addition, there is typically a reduced involvement of the Competent Authority

A Combined Organisation is allowed to obtain the following privileges

- a) Maintenance
- b) Continuing airworthiness management
- c) Airworthiness review
- d) Permit to fly

This training which is focused on the professional development of key stakeholders is designed to provide participants with a detailed understanding of all elements of an integrated CAO. Including an in-depth understanding of the purpose, structure, and regulatory requirements of EASA Part CAO Implementing Rules, AMC & Guidance Material.

Who is this course for?

It is for persons who are involved in EU General Aviation including Maintenance & Quality Staff, CAMOs, as well as anyone with an interest to achieve an effective understanding of the CAO and Airworthiness Review Process.

The course will also be of interest to Inspectors and Management Personnel of Civil Aviation Authorities.

What is the benefit of the training – what will I learn?

- a) Achieve a solid understanding related to Part-CAO Maintenance & Continued Airworthiness Management (CAM) including Subpart I Airworthiness Review Certificates (ARC)
- b) Be able to demonstrate Part CAO Understanding and Functionality and to be able to avoid or mitigate problems
- c) A detailed understanding of the PART-CAO Quality System
- d) Be able to use the regulation to proactively manage the CAO Organisation.

Why Should I choose SAS for the training?

Sofema Aviation Services is a Regulatory Training and Consulting company with 45 years of commercial aviation experience and 10 years operational experience. Since the start we have provided certificates to approx 25,000 delegates and we have grown for 2 primary reasons!

The first is that we are professional and we listen to our customers.

The second reason is a combination of outstanding course fees, together with a world beating discount program which leaves our competitors way behind – please do not take our word for it, [check it out!](#)

What Makes SAS EASA Part-CAO 2 Day Different?

Because our courses are written by people who have lived through the regulations. The author of the training material has more than 25 years' experience as an auditor across the entire regulatory spectrum.

At Sofema Aviation Services our focus is on accepting that compliance with Regulations is in fact minimum compliance. Interpreting the regulations in a way which enables the development and optimisation of our business is where we should see opportunity to drive efficiencies and cost saving.
