

## (EC) Regulation 965/2012 – Essentials – 1 Day

### Introduction

The European Aviation Safety Agency (EASA) has published the Cover Regulation along with the Implementing Rules for the conduct of Air Operations as Regulation (EC) 965/2012 dated 5 October 2012 (published on 25th October)

The new Air Operations requirements consist of the Regulation and its implementing measures/Implementing and the corresponding Acceptable Means of Compliance (AMC) and Guidance Material (GM), which are published on the Agency website as Decisions.

The Regulation lays down detailed rules for commercial air transport operations with aeroplanes and helicopters, including ramp inspections of aircraft of operators under the safety oversight of another State when landed at aerodromes located in the territory subject to the provisions of the Treaty.

The Regulation also lays down detailed rules on the conditions for issuing, maintaining, amending, limiting, suspending or revoking the certificates of operators of aircraft referred to in Article 4(1)(b) and (c) of Regulation (EC) No 216/2008 engaged in commercial air transport operations, the privileges and responsibilities of the holders of certificates as well as conditions under which operations shall be prohibited, limited or subject to certain conditions in the interest of safety.

Regulation 965/2012 has a significant impact affecting all European Operators. This training is specifically focused on key personnel in Aviation Management, Flight Operations or Aircraft Maintenance environment involved in or with responsibility for the implementing Part OPS transition from EU OPS.

The course will additionally highlight changes from EU OPS 1 and JAR OPS 3.

### Who is the course for?

Civil aviation and Aero-medical and Airport authorities staff, Ground Operations Personnel International organizations operations personnel. Compliance and Safety management. Airline Nominated Persons, Other related Key personnel & Stakeholders.

## What are the benefits – What will I learn?

- a) Identify effective oversight and audit techniques related to EASA Air Operation Regulation 965 and Amendments
- b) How to Assess Effective Flight Data Monitoring Program Implementation
- c) Review of best practice auditing of Safety Management Systems
- d) Familiarization with the relationship and roles related to aviation within the jurisdiction of EASA and the Member States.

## Why Should I Choose SAS for the training?

Sofema Aviation Services a Regulatory training and consulting company with 45 years of commercial aviation experience and 12 years of operational experience. Since we started we have provided certificates to approx 25,000 delegates we have grown for 2 primary reasons!

The first is that we are professional and we listen to our customers. Please visit our download area as an example of how we engage with our customer.

The second is not only the fact that our prices are far more cost-effective than our competitors it is that our discount program leaves all the others way behind – please do not take our word for it [check it out!](#)

## What Makes SAS (EC) Regulation 965/2012 – Essentials – 1 Day Different?

Because our courses are written by people who have lived through the regulations. The author of the training material has more than 25 years' experience as an auditor across the entire regulatory spectrum.

At Sofema Aviation Services our focus is on accepting that compliance with Regulations is in fact minimum compliance. Interpreting the regulations in a way which enables the development and optimisation of our business is where we should see opportunity to drive efficiencies and cost saving.
