

EU – USA & Canada Bilateral Agreements related to Aircraft Certification and Maintenance Acceptance – 2 Days

Introduction

This course considers the fundamental elements related to the cross acceptance (From EASA Standpoint) of Agreements Between EASA & United States Federal Aviation Authority FAA and EASA & Transport Canada (TCAA).

As well as a general understanding and raised level of awareness, this course will support the development of your EASA Part 145 MOE to include approval for FAA & TCAA Certification.

The course supports the application or maintenance of FAA & TCCA Repair Station Approval.

Understand the regulatory basis of the Bilateral Agreement and details of its constituent parts: the Maintenance Annex Guidance (MAG) and the Technical Implementation Procedures (TIP).

Recognise the meaning and ramifications of the Special Conditions introduced by the change.

Gain an understanding of the application and approval process.

Learn how to prepare for the Competent Authority transfer audit activity.

Who is the Course for?

This workshop is ideally aimed at:

All Quality Managers in EU Part 145 Organisations

Quality Assurance Staff

Certifying Staff

What is the Benefit of this Training –What will I learn?

- a) Awareness of the structure composition and impact of EASA Bilateral Agreements
- b) Understanding Organisational Roles and Responsibilities related to FAA & TCCA approval & oversight
- c) Understand a detailed awareness regarding the regulatory environment driving the Bi-Lateral agreement process
- d) Understand the process of developing the FAA supplement for the MOE

Why Should I Choose SAS for the training?

Sofema Aviation Services a Regulatory training and consulting company with 45 years of commercial aviation experience and 12 years of operational experience. Since we started we have provided certificates to approx 25,000 delegates we have grown for 2 primary reasons!

The first is that we are professional and we listen to our customers. Please visit our download area as an example of how we engage with our customer.

The second is not only the fact that our prices are far more cost-effective than our competitors it is that our discount program leaves all the others way behind – please do not take our word for it [check it out!](#)

What Makes SAS EU – USA & Canada Bilateral Agreements related to Aircraft Certification and Maintenance Acceptance – 2 Days Different?

Because our courses are written by people who have lived through the regulations. The author of the training material has more than 25 years' experience as an auditor across the entire regulatory spectrum.

At Sofema Aviation Services our focus is on accepting that compliance with Regulations is in fact minimum compliance. Interpreting the regulations in a way which enables the development and optimisation of our business is where we should see opportunity to drive efficiencies and cost saving.
