

# GCAA Combined CAR M / CAR 145 Post holder Intensive – 2 Days

## Introduction

An industry specific two-day program specifically designed for nominated or designated potholder Maintenance System of an GCAA 145 Organization.

The Maintenance Post Holder is directly responsible for Quality Control together with the effectiveness of the Safety Management System. This course also considers in detail the Role and Responsibilities of Continuing Airworthiness Manager. Typical responsibilities include ensuring the company's compliance with the approved maintenance program GCAA regulations and adherence to company required procedures.

Additionally the Potholder Maintenance and CAR M Post Holder are responsible for a wide range of safety critical processes.

This in depth course provides a detailed practical training in management obligations and methodologies to ensure an effective and efficient maintenance and CAR M organization.

The course is highly participative, and promotes industry best practices as standard, it is delivered in a confidential environment by an industry professional with over 40 years Commercial Aviation experience.

Aviation Authorities may choose to interview Form 4 candidates. All relevant areas are covered during the course.

## Why Should I Choose SAS for the training?

Sofema Aviation Services a Regulatory training and consulting company with 45 years commercial aviation experience and 12 years operational experience. Since we started we have provided certificates to approx 25,000 delegates we have grown for 2 primary reasons!

The first is that we are professional and we listen to our customers. Please visit our download area as an example of how we engage with our customer.

The second is not only the fact that our prices are far more cost-effective than our competitors it is that our discount program leaves all the others way behind – please do not take our word for it [check it out!](#)

## What Makes GCAA Combined CAR M / CAR 145 Post holder Intensive – 2 Days Different?

Because our courses are written by people who have lived through the regulations. The author of the training material has more than 25 years' experience as an auditor across the entire regulatory spectrum.

At Sofema Aviation Services our focus is on accepting that compliance with Regulations is in fact minimum compliance. Interpreting the regulations in a way which enables the development and optimisation of our business is where we should see opportunity to drive efficiencies and cost saving.
