

SMS Performance Auditing for Industry & Regulators ICAO Annex 19 and EASA Part OPS – 2 Days

Introduction

A State's acceptable level of safety performance (ALoSP) also expresses the minimum safety objectives acceptable to the oversight authority to be achieved by the aggregate service providers under its authority.

This 2 day training considers the methods of auditing the effectiveness of the industry performance based SMS systems, considering the differences in delivering compliance driven Quality Assurance audits and Safety Assurance performance audits.

Why Should I Choose SAS for the training?

Sofema Aviation Services a Regulatory training and consulting company with 45 years of commercial aviation experience and 12 years of operational experience. Since we started we have provided certificates to approx 25,000 delegates we have grown for 2 primary reasons!

The first is that we are professional and we listen to our customers. Please visit our download area as an example of how we engage with our customer.

The second is not only the fact that our prices are far more cost-effective than our competitors it is that our discount program leaves all the others way behind – please do not take our word for it [check it out!](#)

What Makes SAS SMS Performance Auditing for Industry & Regulators ICAO Annex 19 and EASA Part OPS – 2 Days Different?

Because our courses are written by people who have lived through the regulations. The author of the training material has more than 25 years' experience as an auditor across the entire regulatory spectrum.

At Sofema Aviation Services our focus is on accepting that compliance with Regulations is in fact minimum compliance. Interpreting the regulations in a way which enables the development and optimisation of our business is where we should see opportunity to drive efficiencies and cost saving.
