

Train the Trainer Fuel Tank Safety (FTS) – 1 12 Days

Introduction

The origins of the requirement for FTS Training go back to a number of incidents with TWA 800 together with several other noticeable events including 3 ground explosions of B737 which have had a catastrophic effect on the industry.

The outcomes were to mandate the compulsory training of Fuel Tank Safety for all applicable operators and maintainers.

This course aims to provide a comprehensive understanding of the requirement for effective FTS Training and provides a thorough grounding in effective techniques to enable your nominated FTS trainer to deliver appropriate training within your organization.

The course is highly practical, and promotes best training practices and stimulates involvement and provides for powerful motivation. To introduce the delegate to training skills and to provide the confidence which can be developed to deliver effective FTS Training within your organizations.

This course is a Train the Trainer course it is not a replacement for the requirement for FTS training rather it is intended to prepare the Trainer for training within their own organizations.

Attendees will have an opportunity to purchase a license to permit in company training of the following courses.

- SAS Fuel Tank Safety 1 Day Phase 2
- SAS EWIS for groups 3 to 8 1 Day
- SAS EWIS for groups 1 & 2 3 Days

Who is this course for?

The course is primarily focused on the needs of the EASA Part 145 and EASA Part 147 Instructors to be compliant with the obligation to develop and deliver In-Company EWIS Training Courses.

The course will also be of interest to persons who are interested in becoming Aviation Technical Instructors (Both EASA Part 147 and EASA Part 145) or wishing to hone existing skills.

What is the benefit of the training – what will I learn?

- a) Understand the structure, composition and impact of EWIS Regulatory Requirements
- b) Understand the best use of instructional tools and techniques to enhance instruction
- c) Understand techniques to optimize and deliver practical presentations

Why Should I choose SAS for the training?

Sofema Aviation Services is a Regulatory Training and Consulting company with 45 years of commercial aviation experience and 10 years operational experience. Since the start we have provided certificates to approx 25,000 delegates and we have grown for 2 primary reasons!

The first is that we are professional and we listen to our customers.

The second reason is a combination of outstanding course fees, together with a world beating discount program which leaves our competitors way behind – please do not take our word for it, [check it out!](#)

What Makes SAS Train the Trainer Fuel Tank Safety (FTS) – 1 1/2 Days Different?

Because our courses are written by people who have lived through the regulations. The author of the training material has more than 25 years' experience as an auditor across the entire regulatory spectrum.

At Sofema Aviation Services our focus is on accepting that compliance with Regulations is in fact minimum compliance. Interpreting the regulations in a way which enables the development and optimisation of our business is where we should see opportunity to drive efficiencies and cost saving.
