

***Why have 30,000 Delegates Selected Sofema Aviation Services Courses to meet their aviation training needs?***

2020 was a Real Turning Point for Sofema Aviation Services! It was the year where we satisfied our 30,000 customers. With more than 500 Classroom [www.sassofia.com](http://www.sassofia.com) & 200 Online Courses with [www.sofemaonline.com](http://www.sofemaonline.com), we are confident we can meet and usually exceed your expectations in a professional & cost-effective way.

**Real Value-Driven Training, delivered by “Hands-On” Professionals**

We really do mean “Real Value” check out our prices which are often less than ½ that of our nearest UK & European competitors – This is one of the reasons we have issued over 25,000 Certificates to Satisfied Delegates – Check out Sofema Classroom & Online Now!

**Note** – If you have 6 or more colleagues who have a similar training requirement then contact [office@sassofia.com](mailto:office@sassofia.com) to discuss your objectives.

**Training Content Designed for Regulatory and Vocational Purposes – Tailored to your specific needs**

We have built our reputation on developing courses which directly meet our customer needs.

**Note** – this is the reason we are currently offering in excess of 500 Regulatory & Vocational Training Courses in the Classroom and more than 100 online. See our training catalogue.

**Professional Delivery by Highly Competent Instructors**

At Sofema we see 20 years of commercial aviation experience as being “entry-level” We focus on delivering to the client – real and practical industry support to help the client make the best decision – supporting the client in the most effective way is our primary objective.

**We offer guidance to help you develop the most appropriate package of courses to meet your organisational objectives**

We recognise every organisation is different, provides different services and has different objectives step 1 for us is to understand your objectives so we can make you the best possible offer. (We challenge you to find a more flexible training partner than Sofema Aviation Services)

**Our aim is to provide you & your colleagues with a “Real” Best Practice-Combination of Knowledge and Experience**

The role of our Instructor Consultants is to share their vast knowledge and experience which takes the delegates on a journey to provide them with “up to date” understanding regarding the regulatory environment and how they can effectively engage with the various obligations and opportunities.

**At SAS we focus on High Impact Facilitated Learning**

This is achieved with meaningful Interactions, participation and effective feedback delivering focused on delivering training that meets the objective of your team. See what Delegates have said about us over the years here.
