

Our Webinar Training Solution

What is Webinar?

Webinar is an easy and interactive training solution, typically using the services of a "live" Instructor.

Webinar creates a middle ground between classroom and online courses via convenient and user-friendly software technology.

We can deliver a wide range of courses in real time.

How Sofema Webinar Works?

We use <https://zoom.us/> This is a live program where our instructor takes you through the material in real time with easy to use Software. Webinar is a costeffective way to cover the material for a small to medium size group of people. To go ahead with a delivery the minimum number of participants required per course is six persons.

Advantages of Sofema Webinar

Our Zoom Interactive Webinar Training Courses enable full delegate engagement and easy questioning of the instructor regarding your points of interest.

Key Advantages of the Unique SAS Webinar Experience include

- Avoid Travel and Accommodation Costs
- Receive an MP4 Audio & Visual file of the Entire proceedings at no extra cost
- Open webinar training daily attendance only 345 Euros
- Prices includes PDF Soft copy of the material available before the start of the Webinar

Note - All registered attendees on all webinars will receive certificates.

How to Choose a Course?

There are no restrictions in terms of trainings that can be delivered via Webinar. Delegates are welcomed to choose from any of more than 550 Regulatory and Vocational Training Courses from the SAS catalogue. (<https://sassofia.com/regulatory-training-courses/>).

Can you Configure a Bespoke Webinar for Me/Us from Several Different Courses?

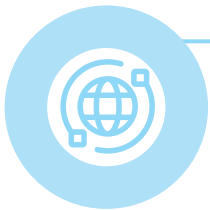

Absolutely - You are welcome to request a Webinar training session that consists of modules from multiple other courses - Now is the opportunity for you to develop your knowledge and professional skills in depth from the comfort of their home.
