

Accountable Manager Regulatory Obligations EASA Training – 1 Day

Introduction

This is an intensive 1-day training for busy Industry leaders; the focus of the training is a comprehensive understanding of Roles and Responsibilities.

The course is aimed at persons who have specific obligations regarding the accountability for the organization to meet its obligations in respect of Safety, Quality, Regulatory Compliance, and Financial well-being. Including AOC, 145, and other Approved Organizations.

This in depth course provides a detailed practical training in management obligations and methodologies to ensure a fully compliant, effective and efficient organization. The course is highly participative, and promotes industry best practices as standard, it is delivered in a confidential environment by an industry professional with over 40 years Commercial Aviation experience.

Aviation Authorities may choose to interview Form 4 candidates. All relevant areas are covered during the course.

A short review of EASA regulations will be provided during the introduction.

It is essential that EASA Compliant Accountable Executives and Post Holders are able to fully engage The Management System for an efficient and effective operation

The Accountable Manager is ultimately responsible for ensuring that sufficient funds are available to maintain compliance with the regulatory obligations as well as ensuring safety throughout the business
