Courses Details :

Safety Management Systems Overview and Recurrent – 1 Day:

This 1 day course aims to provide a comprehensive review of the overall effectiveness of our SMS. Delegates will undertake an overall review of SMS best practice and together with the regulatory driven obligations will perform a GAP analysis against their own organisation system. The course is extremely intensive highly practical, and promotes best industry practices.

Safety Management Systems (SMS) For EASA Part CAMO Team Members – 1 Day:

This Course satisfied the SMS Part of the initial training obligations related to Safety Management Systems within a CAMO environment.

Effective 24 March 2020 EASA has with the introduction of Part CAMO has created a requirement for Initial and Recurrent – Integrated Safety & Human Factors Training.

EASA Part CAMO – Safety Management Systems –Regulatory Obligations – 1 Day:

This course delivers a practical pathway to implement Safety Management System (SMS) within your Part-CAMO organisation.

During the course we will consider the challenges and issues which need to be overcome and successfully addressed.
