

# Approved EASA Stores Inspector Training - Initial – 2 Days

## Introduction

The EASA 145 Stores Management and Inspection System is an essential element of the 145 approval. It must be managed and staffed by trained and competent staff.

The Stores Inspector is located at the very first point of entry for material coming into the organisation.

It is essential that the Stores Inspector has a comprehensive awareness of all elements of the Stores Inspection Activities.

The course meets the intent of IOSA (MNT – The Operator shall ensure each maintenance organisation that performs maintenance for the Operator has a training programme that provides for initial and continuation training for receiving inspectors) and Part 145 Stores Inspection competency training.

## What is the benefit of the training?

This training is designed to cover all elements which are essential to the incoming goods inspection process.

This in depth 2day training is designed to provide attendees with: A detailed practical understanding of the requirements to perform the Role of Stores Inspector.

- a) Understand the processes which drive effective incoming inspection.
- b) Be able to explain the regulations which cover both EASA Part 145 & EASA Part M related to the Incoming Acceptance and Certification of Aviation Parts and Material.

Logistics Process for staff involved in Stores Receipt Inspection.

- c) Understand the process of managing documentation related to airworthiness and Receipt Certification principles.
- d) Understand the principles of Electrostatic Inspection.
- e) Review the problems associated with the suspect and bogus parts EASA / FAA
