Certifying Staff typically achieve a 75% - 100% increase on the salary of a Mechanic – Invest in your future now by joining our www.sofemaonline.com (SOL) Going it Alone Program.

SOL Introduces the E-learning Revolution with SOL Virtual Academy - Supporting EASA Part 66 Basic Modules with Online training, Short Courses and 147 Module Examinations.

Why the program is called Going it Alone?

Because essentially this is how we support the Maintenance Engineer to obtain his Part 66 Aircraft Maintenance Engineer Licence (AMEL) Qualification.

We believe we have developed the most cost-effective solution to help you achieve all the necessary modules for either licence category B1-1 or B2.

www.sofemaonline.com supports aspiring EASA Part 66 Aircraft Maintenance Technicians to gain the necessary knowledge needed to take the module examinations. With SOL you have the opportunity to self-study using the resource of SofemaOnline then either:

- a) Complete EASA Part 147 delivered short courses or
- b) To go straight to the examination. (having passed the exam as part of the online training you will know if you are ready to go straight to the exam or you need to take a short revision as preparation)

What Does the Going it Alone Program Consist of?

Essentially the program consists of 2 elements the online element provided by www.sofemaonline.com together with the “optional” short course and “required” examination element provided by European Aviation Institute (EAI)

How does the Short Course Program work?

The trainings are designed to be effective and to help you reach the correct level of understanding in the comfort of your own home or office.

The course content is followed by an online examination after which you are able to print out your certificate. Achieve all your Licence Modules using online support from www.sofemaonline.com in your own time while you are working.

Certifying Staff typically achieve a 75% - 100% increase on the salary of a Mechanic – Invest in your future now by joining our www.sofemaonline.com (SOL) Going it Alone Program.

www.sofemaonline.com is supported by European Aviation Institute (EAI) - an EASA Part 147 approved Maintenance Training Organization (MTO) with Certificate of Approval No RO.147.0003. EAI is able to provide short courses and examinations in Romania and other approved Training Centres.

Gaining Module Credits and Pass Certificates

Under EASA Part 147 requirements, all exams must be invigilated to verify the identity of the student, to ensure that time constraints are complied with and to ensure that no additional study material “documents” are present during the examination.

Students who successfully pass module examinations are awarded a Certificate of Recognition of Approved Examination acceptable to all EASA Member Authorities.
