

Airworthiness Review Best Practice EASA – BCAA – 2 Days

Introduction

Airworthiness Review Staff are experienced, highly competent, and knowledgeable in the field of Aircraft Certification and Continuous Airworthiness Compliance.

Our mission is to share the role of Airworthiness Review Staff to ensure effective oversight of the aircraft condition and continuous airworthiness process and to verify the aircraft is fully compliant with its maintenance programs.

Together with a viable assessment of the management of the continuing airworthiness process. The course is focused on the specific needs of persons (Competent Authority & Industry) who are required to perform Airworthiness Reviews and ensure all AMP tasks are carried out.

The training is delivered in a stimulating and dynamic environment, with a heavy focus on the practical aspects of an effective and efficient Airworthiness Review Process.

The course is delivered by industry practitioners with many years of real and relevant experience.

Who is the Course for?

All personnel with duties and/or responsibilities in ensuring effective oversight of the Airworthiness Review Process Competent Authority (CA) Quality Assurance Staff. Also of Interest to persons working in a CAMO or Part M Quality System. Technical Managers & Lease Companies.
