

Crisis Management and Emergency Response Planning – 3 Days

Introduction

The focus of this 3 Day training is to ensure that the organisation is able to demonstrate compliance with both ICAO SARP's and IATA ISARP's.

The course focuses on the fundamental importance of managing the organisation process for planning for any emergency situations. To ensure that correct control is enabled and that the organisation is able to manage all activities during a crisis situation.

Consideration is given to understanding the international obligations and requirements of an Emergency Plan, how the nominated spokesperson should manage social media, the press and media in crucial situations.

Delegates will consider the challenge of delivering family and victim support.

Additional subjects covered include the potential outcomes following high jacking and terrorism.

Extensive use is made of case studies.
