

EASA Airworthiness Certification and Regulation NAA Review Course – 2 Days

Introduction

The course focuses on the relationship between EASA Driven Airworthiness Regulatory obligations and the methods whereby the Industry is able to show compliance. Using EASA regulatory compliance as the baseline with appropriate consideration of both the Federal Airworthiness Authority (FAA) and International Civil Aviation Organisation (ICAO). EASA Airworthiness regulation within the commercial environment is a deeply complex and wide-reaching subject. Harmonisation with the FAA plays a significant role in delivering Initial Airworthiness Compliance. All Sofema Aviation Services Instructors have a minimum of 20 years of experience and bring a wealth of personal competency and practical experience to the training.

Who is the course for

This course is specifically focused on the needs of stakeholders to the aviation Initial and continuing airworthiness activities across the entire regulatory spectrum. Typically Suitable for Competent Authorities Staff, Aircraft Maintenance Organisation (AMO) Key Staff. Design Organisation (DOA) and Production Organisation (POA) Key staff including Quality and Certification (CVE). Continuing Airworthiness Management Organisations (CAMO) including Continuing Airworthiness Managers, Reliability, Engineering, Maintenance Planning and Technical Records.

What is the Benefit of this Training – What will I learn?

- To review the entire EASA regulatory certification process together with an overview of the key fundamentals of Large Aeroplanes certification and the interdependencies of the various approvals
- To be able to use the regulatory information to document and demonstrate compliance.
- Achieve a significant awareness regarding the working mechanics of the certification and regulatory environment leading to improved performance and organisational benefits in your effectiveness.
- Significant awareness of Due Process and the ability to manage Contract and Subcontract Activities.
- Improve your decision-making process and ensure increased awareness of business exposure.
