

EASA CAMO and Part 145 Maintenance Post Holder Training – 2 Days

Introduction

An industry-specific two-day program specifically designed for nominated or designated CAMO post holder and Maintenance System Post Holder of a Part 145 Organization.

The Maintenance Post Holder is directly responsible for Quality Control together with the effectiveness of the Safety Management System. This course also considers in detail the Role and Responsibilities of Continuing Airworthiness managers. Typical responsibilities include ensuring the company’s compliance with the approved maintenance program EASA regulations and adherence to company-required procedures.

Additionally, the Post holder Maintenance and Part M CAMO Post Holder are responsible for a wide range of safety-critical processes.

This in-depth course provides detailed practical training in management obligations and methodologies to ensure effective and efficient maintenance and Part M organization.

The course is highly participative and promotes industry best practices as standard, it is delivered in a confidential environment by an industry professional with over 40 years of Commercial Aviation experience.

Aviation Authorities may choose to interview Form 4 candidates. All relevant areas are covered during the course.

What is the Benefit of this Training – What will I learn?

- a) Gain an understanding of the regulatory framework that governs aircraft maintenance and continuing airworthiness management.
