

Approved EASA Stores Inspector Training – Recurrent – 1 Day

Introduction

The EASA 145 Stores Management and Inspection System is an essential element of the 145 approval. It must be managed and staffed by trained and competent staff.

The Stores Inspector is located at the very first point of entry for material coming into the organisation.

It is essential that the Stores Inspector has a comprehensive awareness of all elements of the Stores Inspection Activities.

The course is focused on Stores Inspection Staff Who have previous completed the full training course.

The 1 day training meets the intent of IOSA (MNT - The Operator shall ensure each maintenance organisation that performs maintenance for the Operator has a training programme that provides for initial and continuation training for receiving inspectors) and Part 145 Stores Inspection competency training.

Who is the course for?

The course is particularly relevant for individuals who work in EASA Part 145 approved maintenance organizations, EASA Part M subpart G organizations, and EASA Part 21 production organizations, as they are required to maintain their knowledge and skills to ensure compliance with EASA regulations.
