

## **EASA Part 145 Third Country Regulatory Training Support by Sofema Online**

Sofema Online (SOL) [www.sofemaonline.com](http://www.sofemaonline.com) presents multiple solutions to support Third Country 145 Approval Holders

### **Introduction**

Since 2008 Sofema has been providing regulatory training across a Broad range of Subjects, here we look at a sample of the courses available for EASA Compliant 145 Organisations

During 2022 Sofema Online has enrolled over 24,000 Delegates and we are growing because of our continuing policy of client support and engagement. With multiple training solutions to suit every organisational budget Sofema Online is able to offer a convenient and effective online training solution.

### **EASA Part 66 Module 9 & 10 Solution**

Sofema Online provides a training solution related to the requirement to comply with EASA Third Countries 145 Part 66 Module 9 & Part 66 Module 10 Regulatory Training – See here for details <https://sofemaonline.com/41-latest-news/782-easa-third-countries-145-part-66-module-9-part-66-module-10-regulatory-training>

- Note - Some 100's of Third Country 145 delegates have completed Module 9 & 10 Training with Sofema Online as a cost effective solution specifically designed for Third Country Certifying Staff.

### **Sofema Online Provides Specific Support for Third Country 145 organisations with Course Learning Objectives (CLOs)**

- SOL provides the following Course Learning Objectives (CLOs) to enable our clients to verify course content compliance with regulatory & vocational objectives.
- Ensure the course meets your expectations related to regulatory authority expectations.
- Print the CLO to retain the course certificate as part of the competence management process.
- Share the CLO with Regulatory Authorities and Auditors to demonstrate an acceptable level of course content.
- Course Learning Objectives (CLOs) are intended to provide clear, concise statements of what learners will be able to demonstrate or perform at the conclusion of each element of instructional content.
- Please see here for details of CLOs <https://sofemaonline.com/benefits/course-learning-objectives>
