

EASA Part M Essentials for Large Aircraft – 1 Day

Introduction

Effective Management of Part M obligations within the organisation can lead to significant saving across the business

The Aims of the course are to provide delegates with a strong and effective overview of all parts of EASA Part M, to provide a comprehensive understanding of the role of EASA Part M and all its subparts and to understand how it relates to Part 145.

The course delivers a detailed practical understanding of EASA Regulations relevant to the Part M Environment. An understanding of the maintenance organisations responsibilities, contracted arrangements, and a thorough understanding of the organizational responsibilities associated with Part M compliance.

The course is focused and stimulating, very practical, and participation is encouraged.

Who is the course for?

It is for persons who are involved in the technical management of Commercial Aircraft Maintenance (CAMO), Technical Engineering, Maintenance Planning, CAMO Quality Auditors, Reliability, and Technical Records as well as anyone with an interest to achieve an effective interface with an EASA Compliant Maintenance Department.
