

## GCAA CAR M - 2 Days

### Introduction

The primary purpose of this training is to provide a thorough understanding of the Role of CAR M in all jurisdictions managed by a GCAA Regulatory environment. To introduce delegates to the working of the CAR M Regulatory Structure and to enable a full understanding of the operator's responsibilities, Contracted arrangements, and Subpart G responsibilities.

The Training focuses on the Operator's specific responsibilities, In particular the role of Contract and Subcontract organizations.

In addition, to provide a general overview of all parts of GCAA CAR M and to provide in detail an in-depth understanding of Subparts C, G, and I.

The training is very practical with numerous examples, which are intended to give a practical perspective of how to apply the knowledge that they gain in the workplace and to satisfy the needs of the Accountable Manager responsible for UAE Operators, Maintenance Post Holders, Quality Managers, and CAR 145 maintenance organizations wishing to gain CAR M Subpart G approval.

### What is the Benefit of this Training – What will I learn?

- a) Achieve a solid understanding related to Subpart G Continued Airworthiness Management (CAM) and Subpart I Airworthiness Review Certificates (ARC)
- b) Be able to demonstrate Part M Functionality and avoid or mitigate problems
- c) Appreciate the difference between Full ARCs and Reviews
- d) A detailed understanding of the PART M Quality System –The difference between QA & QC Roles and responsibilities
- e) Be able to use the regulation to proactively manage the Continuing Airworthiness (CA) of your aircraft.
- f) Understand the activities which support the analysis of Safety Data including SBs and ADs
- g) Understand the purpose of STCs and how they are integrated into the maintenance Program
- h) Understand the roles and responsibilities within the various CAMO groups including Reliability, Technical Records, Engineering, & Maintenance Planning
