

GCAA / EASA - AM, CAMO and CAR 145/ Part 145 Maintenance Post Holder Training – 2 Days

Introduction

An industry-specific two-day program specifically designed for nominated or designated CAMO post holder and Maintenance System Post Holder of a CAR 145 / Part 145 Organization.

The Maintenance Post Holder is directly responsible for Quality Control together with the effectiveness of the Safety Management System. This course also considers in detail the Role and Responsibilities of Continuing Airworthiness managers. Typical responsibilities include ensuring the company's compliance with the approved maintenance program GCAA / EASA regulations and adherence to company-required procedures.

Additionally, the Post holder Maintenance and CAR M / Part M CAMO Post Holder are responsible for a wide range of safety-critical processes.

This in-depth course provides detailed practical training in management obligations and methodologies to ensure effective and efficient maintenance and Part M / CAR M organization.

The course is highly participative and promotes industry best practices as standard, it is developed by an industry professional with over 40 years of Commercial Aviation experience.

Aviation Authorities may choose to interview Form 4 candidates. All relevant areas are covered during the course.

Who is the course for?

This course is for individuals who are involved in aircraft maintenance management and oversight. The course is typically aimed at personnel holding positions such as Accountable Managers, Maintenance Managers, Quality Managers, and other senior management roles within an aviation organization.

What is the Benefit of this Training – What will I learn?

The training covers topics related to aircraft maintenance regulations, responsibilities of maintenance post holders, safety management systems, compliance monitoring, and other aspects of managing and overseeing aircraft maintenance activities. It provides participants with the necessary knowledge and skills to effectively perform their duties and responsibilities in accordance with regulatory requirements.
