

EASA Aviation Nominated Persons and Business Area Managers QMS & SMS Obligations & Root Cause Analysis – 2 Days

Introduction

It is an EASA-approved organizational obligation that we remain fully compliant with all regulatory and associated organizational requirements.

As Business Area Managers we are responsible for the Quality Control and the effectiveness of the Safety Management System. We typically are in receipt of numerous audits both internally from the quality Assurance department and externally from the Regulatory Authority and Customers.

Organizations that can deliver an effective Quality Management System QMS & Safety Management System (SMS) together with a process to follow up with all issues in an effective and practical way, grow and flourish.

The ability to communicate effectively and to analyze root causes are without doubt essential skills for business area managers.

The purpose of this training is to identify best practice techniques and behaviors to support the interpretation of audit findings and how these can be understood, analyzed, and mitigated.

The entire program is focused on the roles and responsibilities of the Senior Managers and the need to fully engage with the organization system as managers and controllers. It is a highly practical course offered by Sofema Aviation Services designed specifically for all Aviation Senior Managers and provides a detailed understanding of the techniques associated with effective auditing.

Who is the course for?

It is for Accountable executives and Senior Managers together with persons who are involved in managing at a Senior Level to oversee and maintain EASA Compliant approvals In particular Quality Audit Personnel, Nominated Persons, Technical Managers, Line Managers, and anyone with an interest to achieve an effective understanding of the QMS & SMS Process.
