

Republic Of Indonesia DGCA Logistics & Stores Inspection Procedures – Essentials – 1 Day

Introduction

Developing a thorough awareness regarding the most effective and efficient Indonesia DGCA Civil Aviation Safety Regulation (CASR) compliant Stores and Logistics processes in your organization will benefit both the employee and the employer.

The CASR Part 145 Stores Management and Inspection System is an essential element of the Part 145 approval. It must be managed using trained and competent personnel.

This course meets the intent of IOSA MNT 4.5.6 - The Operator shall ensure each maintenance organization that performs maintenance for the Operator has a training programme that provides for initial and continuation training for receiving inspectors and describes Part 145 Stores Inspection competency training.

Sofema Aviation Services training courses provide a practical understanding of the interpretation of civil aviation regulations to ensure that the certificate holder can comply in the most effective way.

What is the Benefit of this Training – What will I learn?

This training is designed to cover all elements which are essential to the effective management and operation of a fully compliant store. This in depth 1-day training is designed to provide attendees with:

- a) A detailed practical understanding of the requirements to Manage and Develop an Aviation Store.
- b) An understanding of the processes which drive effective management of an Indonesia DGCA Compliant Store.
- c) The ability to explain the regulations which cover CASR Part 145 related to the Logistics Process for staff involved in Stores Management and Receipt Inspection.
- d) An understanding of the process of managing documentation related to Airworthiness and Receipt Certification principles.
- e) An understanding of the principles of receiving and inspecting ESDS components.
- f) The ability to develop procedures for use in Stores and Goods Inspection.
- g) The problems associated with identifying Suspect Unapproved Parts.
- h) The confidence to fully comply within the supply chain and the ability to perceive opportunities to optimize.
- i) The ability to demonstrate CASR Part 145 Supply Chain Compliance to maintain effective Quality Control and to avoid or mitigate problems.
