EASA COMPLIANT REGULATORY TRAINING & CONSULTING SERVICES

Sofema Aviation Services (SAS) is a regulatory training and consulting company with over 15 years of operational aviation experience. Since our inception in 2008, we have achieved over 85 000 enrollments.. Our vision is to deliver reliable, quality-focused and flexible Regulatory and Vocational courses across a broad spectrum of EASA regulations.

WHY YOU SHOULD CHOOSE SAS?

- We work with a variety of instructors each with 20+ years of experience in aviation
- Over 650 regulatory and vocational training courses are available to delegates worldwide
- For your convenience, we can deliver your training as a webinar or classroom course. [Browse through our training portfolio](#)
- Our regulatory training courses cover the following jurisdictions: EASA, FAA, UAE – GCAA, OTAR & more

15+ years of operational experience

WHAT DID THE DELEGATES SHARE ABOUT THEIR TRAINING EXPERIENCE?

EASA Part 145 – Optimizing Techniques for Aircraft Production Planning

“The instructor displayed good knowledge of the subject matter. I am considering buying more courses and have recommended Sofema to others.”

Root cause analysis

“The instructor explained the subject matter with great examples.”

EASA Part 145 (Initial)

“The instructor cared about the student’s understanding condition. He shared his real experience related to aviation and it was very interesting.”
