

Stores Incoming Inspection Initial – 3 Days

Introduction

The EASA 145 Stores Management and Inspection System is an essential element of the 145 approval. It must be managed and staffed by trained and competent staff.

The course meets the intent of IOSA (MNT 4.5.6 The Operator shall ensure each maintenance organization that performs maintenance for the Operator has a training program that provides for initial and continuation training for receiving inspectors) and Part 145 Stores Inspection competency training.

What is the Benefit of this Training – What will I learn?

This training is designed to cover all elements that are essential to the effective management and operation of a fully compliant store.

The 3-day training is designed to provide attendees with:

- a) A detailed practical understanding of the requirements to Manage and Develop an Aviation Store.
- b) Understand the processes that drive effective management of an EASA Compliant Store.
- c) Be able to explain the regulations that cover both EASA Part 145 & EASA Part M related to the Logistics Process for staff involved in store management and Receipt Inspection.
- d) Understand the process of managing documentation related to airworthiness and Receipt Certification principles.
- e) Understand the principles of Electrostatic Inspection.
- f) Be able to develop procedures for use in Stores and Goods Inspection.
- g) Review the problems associated with suspect and suspect parts EASA / FAA.
- h) Have confidence in full compliance within the supply chain and the ability to perceive opportunities to optimize.
- i) Be able to demonstrate Part 145 and Part M Supply Chain Compliance to maintain effective QC and to avoid or mitigate problems.
