

Why Sofema Online Offers the Cheapest Regulatory Training in the World with the Corporate Freedom Pass (CFP)

Sofema Online's **Corporate Freedom Pass (CFP)** provides an unparalleled cost-effective solution for organizations seeking to train multiple employees in aviation regulatory compliance, safety, and management courses. The unique pricing model results in **daily training costs as low as €5 per person**, making it the most affordable option worldwide. Here's why

Unlimited Access for a Fixed Annual Fee

The **CFP allows unlimited enrollments** in over 400 courses, packages, and diplomas for a fixed price. **(multiple user options available)**

Organizations can train **multiple employees** without incurring additional costs per course, leading to **massive cost savings** compared to traditional pay-per-course models.

High Training Volume = Lower Average Cost per Person

- If a company registers multiple employees and they actively participate in training, the **per-person daily cost drops significantly**.

No Hidden Fees, No Travel or Logistics Costs

- Unlike classroom training, Sofema Online eliminates **travel expenses, accommodation costs, instructor fees, and time away from work**.
- Employees can train **anytime, anywhere**, optimizing their learning experience while keeping costs minimal.

Comprehensive Course Library with Regulatory Focus

- The CFP provides access to a **wide range of training** including EASA, FAA, ICAO, GCAA, and more, ensuring **full regulatory compliance without added expenses**.
- Traditional classroom courses covering the same topics **would cost thousands of euros per person annually**.

Continuous Learning Without Additional Investment

- With unlimited access for a year, employees can **upskill continuously**, unlike traditional training models that charge per course.
- Organizations benefit from **long-term knowledge retention and competence building** without repeated expenditures.

Scalable for Any Organization Size

- Scalability makes the CFP ideal for **airlines, MROs, CAMOs, airports, and aviation service providers**. By choosing the most appropriate package for your organisation you can maximize saving by building competence

Bottom Line: Industry-Leading Value

With the **Corporate Freedom Pass**, organizations can:

- ✓ Train their workforce **at an ultra-low cost**
- ✓ Ensure **regulatory compliance across multiple jurisdictions**
- ✓ Enable **flexible, on-demand learning** for employees
- ✓ **Save thousands of euros annually** compared to traditional training models

No other aviation training provider offers such a high-value, cost-effective training solution at this scale.
